

KENDA RECALL INSTRUCTIONS – KR17 235/75R15 KENDA KENETICA

- 1) TIRE SIZE. **PN 170018 – 235/75R15 KR17 KENDA KENETICA.**
 - a) If the tire is the size and tread listed above, move on to step 2.
 - b) If the tire is not the size listed above, no further action is needed.
- 2) DOT #. **K3D5ANA5116 OR K3D5ANA5216** (found on the sidewall of the tire)
 - a) If the DOT# on the tire matches one of the DOT's listed, move on to step 3.
 - b) If the DOT# is not one of two DOT#s listed, no further action is needed.

SAMPLE OF DOT #:

- 3) MANUFACTURER CODE (found on the inside of the tire)

92596122301
92596122401
92596112501
92596112601
92266112301
92266122401
92266122501
92266122601

SAMPLE OF MANUFACTUER CODE:

- a) If the manufacturer code matches one of the codes listed above, move on to step 4.
 - b) If the manufacturer code does not match on of the codes listed above, move on to step 5.
- 4) RECALLED TIRE. If you have determined that the tire size, DOT#, and manufacturer code listed on the tire ALL match the information in steps 1 – 3, then proceed with this step.
 - a) If the tires were mounted on the vehicle:
 - i) Replace the recalled tire(s) with a new KR17 Kenetica 235/75R15 (PN 170018) tire.
 - ii) Mount and balance the new tire(s)
 - iii) Fill out the RECALL SUBMISSION FORM and provide all information listed.
 - b) If the tires were not mounted on the vehicle:
 - i) Replace the recalled tire(s) with a new KR17 Kenetica 235/75R15 (PN 170018) tire.
 - ii) Fill out the RECALL SUBMISSION FORM and provide all information listed.
- 5) TIRE NOT RECALLED. If you have determined that tire size and DOT# match the information in steps 1 & 2, but the manufacturing code was not one listed in step 3:
 - a) If the tires were not mounted on the customer vehicle, no further action is needed
 - b) If the tires were mounted and needed to be dismounted for inspection:
 - i) Remount and balance the tire(s) onto the customers vehicle
 - ii) Fill out the INSPECTION FORM and provide all information listed.
